## Partner With Us!

As members of **Team Northern Mexico** for **Mission to the World** we've been invited by **MTW** and **the National Presbyterian Church of Mexico** to help educate and train church planters like our friend, Eraclio, and others like him – and we've said "yes" to that call from God. We're willing, but we can't go without partners who will pray for us and provide financial support. Will you consider how God may be calling you to be a partner with Him through our work?

## How Long, Oh Lord?

The struggle to raise up and equip godly Christian leaders in northern Mexico persists. As the headlines announce daily, the illegal drug trade and the pandemic of drug violence now grips the country in fear, especially in the North. Superficiality reigns, and ambition and greed ride roughshod over the morals of many in Monterrey, the industrial center of Mexico. To be the hands and feet of Christ, pastors and church planters like our friend Eraclio (left) need sound, Christ-centered, teachers and mentors who will equip them.

We're willing, but we can't go without partners who will pray for us and provide financial support.

Through the gracious support of others like you, we have already raised over 96% of our required budget. We will be in Monterrey beginning this summer (2011). However, we need just a little more support. Will you take a moment right now to respond by investing in God's kingdom as His Spirit leads you.
